FOR IMMEDIATE RELEASE

“CHCC Launches Check-in Kiosks for Outpatient Clinics”

The Commonwealth Healthcare Corporation (CHCC) is pleased to announce that we have launched new check-in kiosks for appointments made with the Family Care Clinic and Women’s Clinic. These kiosks will allow patients to quickly check themselves in without having to take a number and wait to be called to the registration desk. We hope that the kiosks will help to minimize wait times and make it easier for patients to check in for scheduled appointments.

Please note that at this time these kiosks cannot be used for appointments made at the CHCC Children’s Clinic, and cannot be used for walk ins. These patients should continue to take a number and wait to be called up to the registration desk to complete their check in.

The kiosks also feature an anti-microbial UV light, which is 99% effective against harmful bacteria, viruses, and other microbes in less than 30 seconds. The kiosks automatically bathe the touchscreen in disinfecting light, killing dangerous organisms in just seconds after every use.

Should there be any issues with the kiosks, or if you have any questions about their use, the registrars will be available to assist.

At this time, the kiosks cannot accept payments for services, although we are looking into including this functionality in the future. Please continue to pay at the cashier windows.

For more information about CHCC programs, please follow us on Facebook, Instagram, and Twitter at @cnmichcc, check out our website at www.chcc.gov.mp or call us at (670) 234-8950.
