### FOR IMMEDIATE RELEASE

#### Workplace vaccinations available soon, upcoming changes to MCATS vaccination operations

The Commonwealth Healthcare Corporation (CHCC) and the Governor's COVID-19 Task Force will collaborate with workplaces to make the Moderna and Johnson & Johnson/Janssen COVID-19 vaccines available at private businesses.

Starting July, businesses will be able to serve as vaccination sites for their employees, employees' friends and family, or their immediate community. CHCC staff will administer the vaccines. A minimum of 15 persons must be registered for vaccinations for each workplace site. All that is required is a valid ID to sign up.

Businesses wishing to have COVID-19 vaccinations administered at their locations can contact 682-SHOT (7468) for more information and to register. Registration must be submitted at least four (4) days in advance. CHCC staff will visit to assess the viability of using the location as a vaccination site. Businesses with small employee numbers may partner with other businesses to meet the minimum threshold of at least 15 registered vaccine recipients.

With the availability of COVID-19 vaccines at more sites, the MCATS will shut down mass vaccination operations by the end of August. The last day for first-dose administration of any COVID-19 vaccine at the MCATS will be June 19, 2021. Only second doses will be administered starting June 21, 2021, and the MCATS operational hours will run Monday-Saturday, 8 a.m. – 1 p.m.

The Multi-Purpose Center will continue to serve as a vaccination site, along with workplace and village outreach sites.
