FOR IMMEDIATE RELEASE

CHCC launches online bill payment system

The Commonwealth Healthcare Corporation (CHCC) launched its latest resource for patients who receive care on Saipan: online bill payment for medical services. The upgrade is part of the CHCC's steps to modernize its processes and improve customer experience.

Patients can now access their billing information online, quicker, and easier. To pay their bills, patients should visit www.chcc.gov.mp, click on Patient Resources, then click Pay Your Bill.

"This resource will give our patients the opportunity to review and pay their bills online," said Tiffany Sablan, director of revenue services. "Rather than mailing a check, calling CHCC, or having to drive to the main campus to pay their bills, this flexibility offers our patients convenience and ease of mind."

Patients will also have the option to schedule payments, set up auto-payments, set up an installment plan, and subscribe to email reminders. The system accepts Visa, MasterCard, and Discover.

Patients can also pay their bills without registering for an account. All that is required for this option is the patient's medical record (MR) number, last name, and date of birth.

Plans to include claims from Tinian and Rota Health Centers will be available later in the year.
