HUMAN RESOURCES

EXAMINATION ANNOUNCEMENT NO. 23-024

POSITION: **AUDIOLOGIST** OPENING DATE: **01/01/2023**

NO. OF VACANCIES: **1** CLOSING DATE: **CONTINUOUS**

SALARY: **\$82,000.00 P/A**

LOCATION: Hospital Ancillary Services,
Commonwealth Healthcare Corporation

NATURE OF WORK:

Under the direct supervision of the Chief of Ancillary Services, the Audiologists is responsible for assessing and treating persons with hearing and related disorders. May fit hearing aids and provide auditory training. May perform research related to hearing problems.

DUTIES:

- Administer hearing tests and examine patients who have hearing, balance, or related ear problems by collecting information on type and degree of impairment, using specialized instruments and electronic equipment.
- Assess the results of the examination and diagnose problems
- Determine and administer treatment to meet patients' goals
- Provide treatment for tinnitus, a condition that causes ringing in the ear
- Fit, dispense, and possibly repair assistive devices, such as hearing aids.
- Counsel patients and their families on ways to listen and communicate, such as lip reading or through technology
- Evaluate patients regularly to check on hearing and balance and to continue or change treatment plans
- Record patient progress at all stages, including initial and subsequent evaluation and treatment activities.
- Research the causes and treatment of hearing and balance disorders
- Educate patients on ways to prevent hearing loss
- Perform other duties assigned by immediate supervisor.

All duties and requirements must be performed consistent with the American Speech-Language-Hearing Association standards.

QUALIFICATION REQUIREMENTS:

Doctor of Audiology (AuD) degree or Doctoral professional degree. One to two years of experience preferably in hospital setting with multi-modality experience.

OTHERS:

Communicate and work effectively with individuals from culturally and linguistically diverse backgrounds.

LICENSURE/ CERTIFICATIONS:

Licensed by the CNMI Healthcare Professions Licensing Board (HCPLB) to engage in the practice of Audiology.

KNOWLEDGE:

- Customer and Personal Service — Knowledge of principles and processes for providing customer and personal services. This includes customer needs assessment, meeting quality standards for services, and evaluation of customer satisfaction.
- Therapy and Counseling — Knowledge of principles, methods, and procedures for diagnosis, treatment, and rehabilitation of physical and mental dysfunctions, and for career counseling and guidance.
- Medicine and Dentistry — Knowledge of the information and techniques needed to diagnose and treat human injuries, diseases, and deformities. This includes symptoms, treatment alternatives, drug properties and interactions, and preventive health-care measures.
- English Language — Knowledge of the structure and content of the English language including the meaning and spelling of words, rules of composition, and grammar.
- Computers and Electronics — Knowledge of circuit boards, processors, chips, electronic equipment, and computer hardware and software, including applications and programming.
- Clerical — Knowledge of administrative and clerical procedures and systems such as word processing, managing files and records, stenography and transcription, designing forms, and other office procedures and terminology.
- Psychology — Knowledge of human behavior and performance; individual differences in ability, personality, and interests; learning and motivation; psychological research methods; and the assessment and treatment of behavioral and affective disorders.
- Biology — Knowledge of plant and animal organisms, their tissues, cells, functions, interdependencies, and interactions with each other and the environment.
- Education and Training — Knowledge of principles and methods for curriculum and training design, teaching and instruction for individuals and groups, and the measurement of training effects.

SKILLS:

- Active Listening — Giving full attention to what other people are saying, taking time to understand the points being made, asking questions as appropriate, and not interrupting at inappropriate times.
- Critical Thinking — Using logic and reasoning to identify the strengths and weaknesses of alternative solutions, conclusions or approaches to problems.
- Reading Comprehension — Understanding written sentences and paragraphs in work related documents.
- Speaking — Talking to others to convey information effectively.
- Active Learning — Understanding the implications of new information for both current and future problem-solving and decision-making.
- Monitoring — Monitoring/Assessing performance of yourself, other individuals, or organizations to make improvements or take corrective action.
- Social Perceptiveness — Being aware of others' reactions and understanding why they react as they do.
- Writing — Communicating effectively in writing as appropriate for the needs of the audience.
- Judgment and Decision Making — Considering the relative costs and benefits of potential actions to choose the most appropriate one.
- Complex Problem Solving — Identifying complex problems and reviewing related information to develop and evaluate options and implement solutions.
- Coordination — Adjusting actions in relation to others' actions.
- Service Orientation — Actively looking for ways to help people.
- Learning Strategies — Selecting and using training/instructional methods and procedures appropriate for the situation when learning or teaching new things.
- Systems Analysis — Determining how a system should work and how changes in conditions, operations, and the environment will affect outcomes.
- Time Management — Managing one's own time and the time of others.
- Instructing — Teaching others how to do something.
- Systems Evaluation — Identifying measures or indicators of system performance and the actions needed to improve or correct performance, relative to the goals of the system.
- Science — Using scientific rules and methods to solve problems

ABILITIES:

- Deductive Reasoning — The ability to apply general rules to specific problems to produce answers that make sense.
- Inductive Reasoning — The ability to combine pieces of information to form general rules or conclusions (includes finding a relationship among seemingly unrelated events).
- Oral Comprehension — The ability to listen to and understand information and ideas presented through spoken words and sentences.
- Oral Expression — The ability to communicate information and ideas in speaking so others will understand.
- Problem Sensitivity — The ability to tell when something is wrong or is likely to go wrong. It does not involve solving the problem, only recognizing there is a problem.
- Written Comprehension — The ability to read and understand information and ideas presented in writing.
- Near Vision — The ability to see details at close range (within a few feet of the observer).
- Speech Clarity — The ability to speak clearly so others can understand you.
- Speech Recognition — The ability to identify and understand the speech of another person.
- Written Expression — The ability to communicate information and ideas in writing so others will understand.
- Hearing Sensitivity — The ability to detect or tell the differences between sounds that vary in pitch and loudness.
- Information Ordering — The ability to arrange things or actions in a certain order or pattern according to a specific rule or set of rules (e.g., patterns of numbers, letters, words, pictures, mathematical operations).
- Auditory Attention — The ability to focus on a single source of sound in the presence of other distracting sounds.
- Finger Dexterity — The ability to make precisely coordinated movements of the fingers of one or both hands to grasp, manipulate, or assemble very small objects.
- Category Flexibility — The ability to generate or use different sets of rules for combining or grouping things in different ways.
- Arm-Hand Steadiness — The ability to keep your hand and arm steady while moving your arm or while holding your arm and hand in one position.
- Flexibility of Closure — The ability to identify or detect a known pattern (a figure, object, word, or sound) that is hidden in other distracting material.
- Fluency of Ideas — The ability to come up with a number of ideas about a topic (the number of ideas is important, not their quality, correctness, or creativity).
- Originality — The ability to come up with unusual or clever ideas about a given topic or situation, or to develop creative ways to solve a problem.

CONDITIONAL REQUIREMENTS:

Employment is contingent upon successful clearing of pre-employment health screening (Covid-19 vaccine required) and drug screening in accordance with CHCC policy.

OTHERS:

This position is a Full-Time employment status and requires at least 40 hours per week.
